The **XIX International Conference on Interconnections between Particle Physics and Cosmology** (PPC2026)/**4th Gordon Godfrey Workshop on Astroparticle Physics** will take place on 31 August - 4 September 2026 at The University of New South Wales (UNSW) in Sydney, Australia, hosted by the [Sydney Consortium for Particle Physics and Cosmology](#). It will bring together a wide range of theorists and experimentalists to discuss the latest ideas and results in particle physics and cosmology.

The meeting will feature invited plenary talks covering topics of recent interest, as well as a number of parallel sessions to provide an opportunity for junior scientists to present their work.

We look forward to seeing you in Sydney.

Plenary speakers include:

Francesca Chadha-Day (Durham U, IPPP)

Spencer Collaviti (EPFL)

Matt Dolan (U Melbourne)

Richard Easther (U Auckland)

Elisa Ferreira (IPMU)

Francesco Filippini (INFN Bologna)

Kaori Fuyuto (KEK)

Fei Gao (Tsinghua U)

Srubabati Goswami (PRL Ahmedabad)

Koichi Hamaguchi (Tokyo U)

Cullan Howlett (U Queensland)

Tao Han (U Pittsburgh)

Robin Leboucher (U British Columbia)

Jia Liu (Peking U)

Simona Murgia (UC Irvine)

Shohei Okawa (APCTP)

Harish Potti (U Sydney)

Christian Reichardt (U Melbourne)

Nick Rodd (LBNL)

Philipp Schicho (U Geneva)

Elizabeth Simmons (UC San Diego)

Anna Suliga (NYU)

Tim Tait (UC Irvine)

Takuya Tashiro (U Tokyo)

Eric Thrane (Monash U)

Jorinde van de Vis (CERN)

Liantao Wang (U Chicago)

Wei Wang (SYSU)

Jingqiang Ye (CUHK-Shenzhen)

Please **do not respond** to any communication purporting to assist you in the organisation of any aspect of your travel (visa application, flights, accommodation, etc.). It's a scam.
