Abstract

This is a word template file of the camera-ready paper for RHINO2025. All the accepted papers will be distributed to the participants. Abstract should not exceed 150 words.

Keywords: TeX, Template, RHINO2025

1 Manuscript Format

Title part

Please provide the following information in the beginning of the manuscript.

1. Talk title,
2. Names of the authors,
3. Affiliations,
4. Addresses,
5. E-mail addresses (please give at least one e-mail address)

Abstract

Abstract should be no longer than 150 words.

Keywords

Please also provide three or more keywords for your topic.

Body

The standard length of the manuscript is 1 page in total, including the title part and references. Authors may extend 1 more page, if necessary.

Figures and Tables (optional)

The authors may include figures and Tables. Please remind that this is a camera-ready paper, i.e. the items should be well visible when the manuscript is printed in A4 size. Please also keep the total file size not larger than 3MB in total.

2 Submission

Please submit a pdf file, not the source file.
